MEMORANDUM FOR: Director of Central Intelligence

FROM:

[REDACTED]  
Deputy to the DCI for Resource Management

SUBJECT: Distribution of Secret Version of Annual Report

1. Action Requested: None. For your information only.

2. Background:

a. At the Staff Meeting on 17 April 1978, you questioned the number of copies of the Secret DCI Annual Report which we intended to distribute, stating that about 250 copies would be adequate. We originally intended to distribute approximately 1550 copies of the Report based on:

- Last year's distribution list (which had the same number of recipients, only more copies to each);
- Suggestions from recipient agencies and departments obtained when the Report was being drafted; and
- The belief that a much wider distribution of this version (compared to the CODEWORD version) should be made to assure that middle-level consumers had the opportunity to see the Report.
- We have distributed about 222 copies of the CODEWORD version and the distribution list is at Tab A.

b. In view of your comments at the Staff Meeting, we have revised the distribution list downward. The distribution list for the Secret version is at Tab B and reflects 39 recipient agencies, departments or activities receiving a total of 676 copies of the Report. Of that total, the IC Registry will

retain 100 copies to respond to subsequent requests. The 70 copies earmarked for Congress will actually be retained by CIA/OLC and a lesser number will probably be distributed. I believe this revised distribution list will continue to meet the above objectives and the needs of our consumers.

3. Recommendation: None.
